Key Stage 3 Long Term Planning

Year 7 INTENT:

The year 7 RE curriculum follows the Lancashire Agreed Syllabus (2021) - **'The search for meaning' – what is it to be human?** Pupils come to Moor Park from a range of primary schools and there is a great variety on what pupils have already studied. We base our expectations on the model curriculum of the Lancashire Agreed Syllabus but recognise that some children will not have learnt this. Our year 7 curriculum lays the foundation for KS3. We check that pupils have the knowledge of the major world religions and Humanism – and that they understand the academic approaches when studying these religions and world views. Year 7 is also the opportunity to build on their existing knowledge.

In the planning we have created opportunities for pupils to reflect on the material which will help their search for personal meaning. The planning provides an enquiry-based approach where at the centre is the question 'What does it mean to be human?' exploring answers offered by religion and belief. The exploration has focused on four areas: shared human experience, living religious tradition, beliefs and values and the search for personal meaning. Pupils will develop insight into their own sense of identity and belonging relating to communities, their place within them and with reference to their exploration of religious communities.

The theme question for year 7 as prescribed by Lancashire Agreed Syllabus is: **'where do we belong?'** Do we need a sense of identity and belonging? There will be a focus question for each unit studied. Over the course of year 7, pupils will learn about symbolism in terms of symbolic images, symbolic actions (such as religious rituals) and use of symbolic language (in analogies, stories and metaphors). They will explore questions such as how important is belonging to the human experience? How does it contribute to a person's sense of personal identity? How do people express their belonging and commitment from a community? How important is this to religious identity and a way of life?
