Definitions

The terms “**children**” and “**child**” refer to anyone under the age of 18.

For the purposes of this policy, “**safeguarding and protecting the welfare of children**” is defined as:

- Protecting pupils from maltreatment.
- Preventing the impairment of pupils’ mental and physical health or development.
- Ensuring that pupils grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all pupils to have the best outcomes.

For the purposes of this policy, “**consent**” is defined as having the freedom and capacity to choose to engage in sexual activity. Consent may be given to one sort of sexual activity but not another, and can be withdrawn at any time during sexual activity and each time activity occurs. A person only consents to a sexual activity if they agree by choice to that activity, and has the freedom and capacity to make that choice. Children under the age of 13 can never consent to any sexual activity. The age of consent is 16.

For the purposes of this policy, “**sexual violence**” refers to the following offences as defined under the Sexual Offences Act 2003:

- **Rape:** A person (A) commits an offence of rape if they intentionally penetrate the vagina, anus or mouth of another person (B) with their penis, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Assault by penetration:** A person (A) commits an offence if they intentionally penetrate the vagina or anus of another person (B) with a part of their body or anything else, the penetration is sexual, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Sexual assault:** A person (A) commits an offence of sexual assault if they intentionally touch another person (B), the touching is sexual, B does not consent to the touching, and A does not reasonably believe that B consents.
- **Causing someone to engage in sexual activity without consent:** A person (A) commits an offence if they intentionally cause another person (B) to engage in an activity, the activity is sexual, B does not consent to engaging in the activity, and A does not reasonably believe that B consents. This could include forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.

For the purposes of this policy, “**sexual harassment**” refers to unwanted conduct of a sexual nature that occurs **online or offline**, inside or outside of school. Sexual harassment is likely to violate a pupil’s dignity, make them feel intimidated, degraded or humiliated, and create a hostile, offensive, or sexualised environment. If left unchallenged, sexual harassment can create an atmosphere that normalises inappropriate behaviour and may lead to sexual violence. Sexual harassment can include, but is not limited to:

- Sexual comments, such as sexual stories, lewd comments, sexual remarks about clothes and appearance, and sexualised name-calling.
- Sexual “jokes” and taunting.

- Physical behaviour, such as deliberately brushing against someone, interfering with someone's clothes, and displaying images of a sexual nature.
- Online sexual harassment, which may be standalone or part of a wider pattern of sexual harassment and/or sexual violence. This includes:
 - The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
 - Sharing unwanted explicit content.
 - Upskirting.
 - Sexualised online bullying.
 - Unwanted sexual comments and messages, including on social media.
 - Sexual exploitation, coercion, and threats.

For the purposes of this policy, **“upskirting”** refers to the act, as identified the Voyeurism (Offences) Act 2019, of taking a picture or video under another person's clothing, without their knowledge or consent, with the intention of viewing that person's genitals or buttocks, with or without clothing, to obtain sexual gratification, or cause the victim humiliation, distress or alarm. Upskirting is a criminal offence. Anyone, including pupils and staff, of any gender can be a victim of upskirting.

For the purposes of this policy, the **“consensual and non-consensual sharing of nude and semi-nude images and/or videos”**, colloquially known as **“sexting”**, is defined as the sharing between pupils of sexually explicit content, including indecent imagery. For the purposes of this policy, **“indecent imagery”** is defined as an image which meets one or more of the following criteria:

- Nude or semi-nude sexual posing
- A child touching themselves in a sexual way
- Any sexual activity involving a child
- Someone hurting a child sexually
- Sexual activity that involves animals

2. Multi-agency working

The school contributes to multi-agency working as part of its statutory duty. The school is aware of and will follow the local safeguarding arrangements.

The school will be fully engaged, involved, and included in local safeguarding arrangements. Once the school is named as a relevant agency by local safeguarding partners, it will follow its statutory duty to cooperate with the published arrangements in the same way as other relevant agencies. The school will act in accordance with the safeguarding arrangements.

The school will work with CSCS, the police, health services and other services to protect the welfare of its pupils, through the early help process and by contributing to multi-agency plans to provide additional support.

Where a need for early help is identified, the school will allow access for CSCS from the host LA and, where appropriate, a placing LA, for that LA to conduct (or consider whether to conduct) a section 17 or 47 assessment.

The school also recognises the particular importance of inter-agency working in identifying and preventing CSE.

Information sharing

The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs and identify any need for early help.

Considering the above, staff will be aware that whilst the UK GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes – data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm.

Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of pupils. If staff members are in doubt about sharing information, they will speak to the DSL or deputy DSLs.

3. Early help

Early help means providing support as soon as a problem emerges, at any point in a child's life. Any pupil may benefit from early help, but in particular, staff will be alert to the potential need for early help for pupils who:

- Are disabled, have certain health conditions, or have specific additional needs.
- Have SEND, regardless of whether they have a statutory EHC plan.
- Have mental health needs.
- Are young carers.
- Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
- Are frequently missing or going missing from care or from home.
- Are at risk of modern slavery, trafficking, or sexual or criminal exploitation.
- Are at risk of being radicalised or exploited.
- Have family members in prison, or are affected by parental offending.

- Are in a family circumstance presenting challenges for them, such as drug and alcohol misuse, adult mental health problems, or domestic abuse.
- Misuse drugs or alcohol.
- Have returned home to their family from care.
- Are at risk of HBA, such as FGM or forced marriage.
- Are privately fostered.
- Are persistently absent from education, including persistent absences for part of the school day.
- Show early signs of abuse and/or neglect in other ways.

The DSL will take the lead where early help is appropriate. This includes liaising with other agencies and setting up an inter-agency assessment as appropriate. The local early help process will be followed as required.

Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases will be kept under constant review and consideration given to a referral to CSCS for assessment for statutory services if the pupil's situation is not improving or is worsening.

4. Abuse and neglect

For the purposes of this policy, **“abuse”** is defined as a form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing the ill treatment of others – this can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family, institutional or community setting by those known to them or by others, e.g. via the internet. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by one or multiple adults or other children.

For the purposes of this policy, **“physical abuse”** is defined as a form of abuse which may involve actions such as hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child.

For the purposes of this policy, **“emotional abuse”** is defined as the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. This may involve conveying to a child that they are worthless, unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child the opportunities to express their views, deliberately silencing them, ‘making fun’ of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children, such as interactions that are beyond their developmental capability, overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying, including cyberbullying, causing the child to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, but it may also occur alone.

For the purposes of this policy, **“sexual abuse”** is defined as abuse that involves forcing or enticing a child to take part in sexual activities, not necessarily involving violence, and regardless of whether the child is aware of what is happening. This may involve physical contact, including assault by

penetration, or non-penetrative acts, such as masturbation, kissing, rubbing, and touching outside of clothing. It may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can be perpetrated by people of any gender and age.

For the purposes of this policy, **“neglect”** is defined as the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in serious impairment of a child’s health or development. This may involve a parent or carer failing to provide a child with adequate food, clothing or shelter (including exclusion from home or abandonment); failing to protect a child from physical or emotional harm or danger; failing to ensure adequate supervision (including through the use of inappropriate caregivers); or failing to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.

All staff will be aware of the indicators of abuse and neglect and understand that children can be at risk of harm inside and outside of the school, inside and outside of home, and online. All staff will be aware that abuse, neglect and other safeguarding issues are rarely standalone events that can be given a specific label, and multiple issues often overlap one another; therefore, staff will be vigilant and always raise concerns with the DSL. All staff, especially the DSL and deputy DSLs, will be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments; this includes being aware that pupils can be at risk of abuse or exploitation in situations outside their families (extra-familial harms). All staff will be aware of the appropriate action to take following a pupil being identified as at potential risk of abuse and, in all cases, will speak to the DSL if they are unsure.

All staff will be aware that technology is a significant component in many safeguarding and wellbeing issues, including online abuse, cyberbullying, and the sharing of indecent images.

5. Specific safeguarding issues

There are certain specific safeguarding issues that can put children at risk of harm – staff will be aware of these issues.

[Appendix A](#) of this policy sets out details about specific safeguarding issues that pupils may experience and outlines specific actions that would be taken in relation to individual issues.

6. Child-on-child abuse

For the purposes of this policy, **“child-on-child abuse”** is defined as abuse between children.

The school has a zero-tolerance approach to abuse, including child-on-child abuse, as confirmed in the Child Protection and Safeguarding Policy’s [statement of intent](#).

All staff will be aware that child-on-child abuse can occur between pupils of any age and gender, both inside and outside of school, as well as online. All staff will be aware of the indicators of child-on-child abuse, how to identify it, and how to respond to reports. All staff will also recognise that even if no cases have been reported, this is not an indicator that child-on-child abuse is not occurring. All staff will speak to the DSL if they have any concerns about child-on-child abuse.

All staff will understand the importance of challenge inappropriate behaviour between peers, and will not tolerate abuse as “banter” or “part of growing up”.

Child-on-child abuse can be manifested in many different ways, including:

- Bullying, including cyberbullying and prejudice-based or discriminatory bullying.
- Abuse in intimate personal relationships between peers – sometimes known as ‘teenage relationship abuse’.
- Physical abuse – this may include an online element which facilitates, threatens and/or encourages physical abuse.
- Sexual violence – this may include an online element which facilitates, threatens and/or encourages sexual violence.
- Sexual harassment, including online sexual harassment, which may be standalone or part of a broader pattern of abuse.
- Causing someone to engage in sexual activity without consent.
- The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
- Upskirting.
- Initiation- and hazing-type violence and rituals, which can include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group, and may also include an online element.

All staff will be clear as to the school’s policy and procedures regarding child-on-child abuse and the role they have to play in preventing it and responding where they believe a child may be at risk from it.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers. Pupils will also be reassured that they will be taken seriously, be supported, and kept safe.

The school’s procedures for managing allegations of child-on-child abuse are outlined in the Appendix B Child-on-child Abuse. Staff will follow these procedures, as well as the procedures outlined in the school’s Anti-bullying Policy and Suspension and Exclusion Policy, where relevant.

7. Online safety and personal electronic devices

The school will adhere to the **E-Safety** at all times.

As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online.

Through CP training, all staff members will be made aware of:

- Pupil attitudes and behaviours which may indicate they are at risk of potential harm online.
- The procedure to follow when they have a concern regarding a pupil’s online activity.

The school will ensure that appropriate filtering systems are in place on school devices and school networks to prevent children accessing inappropriate material, in accordance with the school’s Cyber-security Policy. The school will, however, ensure that the use of filtering and monitoring systems does not cause “over blocking”, which may lead to unreasonable restrictions as to what pupils can be taught online. The school will also ensure that it meets the [filtering and monitoring standards](#) published by the DfE.

Staff will be aware of the filtering and monitoring systems in place and will know how to escalate concerns where they are identified. Staff will be made aware of their expectations and responsibilities relating to filtering and monitoring systems during their induction.

Further information regarding the school's approach to online safety can be found in the E-Safety Policy.

Communicating with parents

As part of the usual communication with parents, the school will reinforce the importance of pupils being safe online and inform parents that they will find it helpful to understand what systems the school uses to filter and monitor online use.

The school will also make it clear to parents what their children are being asked to do online for school.

Personal electronic devices

The use of personal electronic devices, including mobile phones and cameras, by staff and pupils is not permitted in school in accordance with the Staff ICT and Electronic Devices Policy.

Photographs and videos of pupils will be carefully planned before any activity with particular regard to consent and adhering to the school's Data Protection Policy and Photography Policy. The DPO will oversee the planning of any events where photographs and videos will be taken.

Where photographs and videos will involve pupils who are LAC, adopted pupils, or pupils for whom there are security concerns, the headteacher will liaise with the DSL to determine the steps involved. The DSL will, in known cases of pupils who are LAC or who have been adopted, liaise with the pupils' social workers, carers or adoptive parents to assess the needs and risks associated with the pupils.

Staff will report any concerns about pupils' or other staff members' use of personal electronic devices to the DSL, following the appropriate procedures.

Upskirting

Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment for the purpose of upskirting. **"Operating equipment"** includes enabling, or securing, activation by another person without that person's knowledge, e.g. a motion-activated camera.

Upskirting will not be tolerated by the school. Any incidents of upskirting will be reported to the DSL, who will then decide on the next steps to take, which may include police involvement.

8. Consensual and non-consensual sharing of indecent images and videos

The school will ensure that staff are aware to treat the consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as sexting or youth produced sexual images) as a safeguarding concern.

Staff will receive appropriate training regarding child sexual development and will understand the difference between sexual behaviour that is considered normal and expected for the age of the pupil, and sexual behaviour that is inappropriate and harmful. Staff will receive appropriate training around how to deal with instances of sharing nudes and semi-nudes in the school community, including understanding motivations, assessing risks posed to pupils depicted in the images, and how and when to report instances of this behaviour.

Staff will be aware that creating, possessing, and distributing indecent imagery of children is a criminal offence, regardless of whether the imagery is created, possessed, and distributed by the individual depicted; however, staff will ensure that pupils are not unnecessarily criminalised.

Where a member of staff becomes aware of an incidence of sharing nudes and/or semi-nudes, they will refer this to the DSL as soon as possible.

9. Context of safeguarding incidents

Safeguarding incidents can occur outside of school and can be associated with outside factors. All staff, particularly the DSL and deputy DSLs, will always consider the context of safeguarding incidents. Assessment of pupils' behaviour will consider whether there are wider environmental factors that are a threat to their safety and/or welfare. The school will provide as much contextual information as possible when making referrals to CSCS.

10. Pupils potentially at greater risk of harm

The school recognises that some groups of pupils can face additional safeguarding challenges, both online and offline, and understands that further barriers may exist when determining abuse and neglect in these groups of pupils. Additional considerations for managing safeguarding concerns and incidents amongst these groups are outlined below.

Pupils who need social workers

Pupils may need social workers due to safeguarding or welfare needs. These needs can leave pupils vulnerable to further harm and educational disadvantage.

As a matter of routine, the DSL will hold and use information from the LA about whether a pupil has a social worker in order to make decisions in the best interests of the pupil's safety, welfare, and educational outcomes.

Where a pupil needs a social worker, this will inform decisions about safeguarding, e.g. responding to unauthorised absence, and promoting welfare, e.g. considering the provision pastoral or academic support.

Home-educated children

Parents may choose elective home education (EHE) for their children. In some cases, EHE can mean that children are less visible to the services needed to safeguard and support them.

In line with the Education (Pupil Registration) (England) Regulations 2006, the school will inform the LA of all deletions from the admissions register when a pupil is taken off roll.

Where a parent has expressed their intention to remove a pupil from school for EHE, the school, in collaboration with the LA and other key professionals, will coordinate a meeting with the parent, where possible, before the final decision has been made, particularly if the pupil has SEND, is vulnerable, and/or has a social worker.

LAC and PLAC

Children most commonly become looked after because of abuse and/or neglect. Because of this, they can be at potentially greater risk in relation to safeguarding. PLAC, also known as care leavers, can also remain vulnerable after leaving care.

The governing body will ensure that staff have the skills, knowledge and understanding to keep LAC and PLAC safe. This includes ensuring that the appropriate staff have the information they need, such as:

- Looked after legal status, i.e. whether they are looked after under voluntary arrangements with consent of parents, or on an interim or full care order.
- Contact arrangements with parents or those with parental responsibility.
- Care arrangements and the levels of authority delegated to the carer by the authority looking after the pupil.

The DSL will be provided with the necessary details of pupils' social workers and the VSH, and, for PLAC, personal advisers.

Further details of safeguarding procedures for LAC and PLAC are outlined in the school's LAC Policy.

Pupils with SEND

When managing safeguarding in relation to pupils with SEND, staff will be aware of the following:

- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a pupil's indicators relate only to their disability
- Pupils with SEND can be disproportionately impacted by issues such as bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration. When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's parents where appropriate, to ensure that the pupil's needs are met effectively.

LGBTQ+ pupils

The fact that a pupil may be LGBTQ+ is not in itself an inherent risk factor for harm; however, staff will be aware that LGBTQ+ pupils can be targeted by other individuals. Staff will also be aware that, in some cases, a pupil who is perceived by others to be LGBTQ+ (whether they are or not) can be just as vulnerable as pupils who identify as LGBTQ+.

Staff will also be aware that the risks to these pupils can be compounded when they do not have a trusted adult with whom they can speak openly with. Staff will endeavour to reduce the additional barriers faced by these pupils and provide a safe space for them to speak out and share any concerns they have.

Pupils requiring mental health support

All staff will be made aware that mental health problems can, in some cases, be an indicator that a pupil has suffered, or is at risk of suffering, abuse, neglect or exploitation.

11. Use of the school premises for non-school activities

Where the governing board hires or rents out school facilities or the school premises to organisations or individuals, e.g. for providers to run community or extracurricular activities, it will ensure that

appropriate safeguarding arrangements are in place to keep pupils safe. The school will refer to the DfE's [guidance](#) on keeping children safe in out-of-school settings in these circumstances.

Where the governing body provides the activities under the direct supervision or management of school staff, child protection arrangements will apply. Where activities are provided separately by another body, this may not be the case; therefore, the governing body will seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place, including inspecting these as needed. The governing body will also ensure that there are arrangements in place to liaise with the school on these matters where appropriate. The governing body will ensure safeguarding requirements are included in any transfer of control agreement, i.e. a lease or hire agreement, as a condition of use and occupation of the premises, and specify that failure to comply with this would lead to termination of the agreement.

Extracurricular activities and clubs

External bodies that host extracurricular activities and clubs at the school, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.

Staff and volunteers running extracurricular activities and clubs are aware of their safeguarding responsibilities and promote the welfare of pupils. Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSCS or the police, if necessary.

All national governing bodies of sport that receive funding from either Sport England or UK Sport must aim to meet the Standards for Safeguarding and Protecting Children in Sport.

12. Alternative provision

The school will remain responsible for a pupil's welfare during their time at an alternative provider. When placing a pupil with an alternative provider, the school will obtain written confirmation that the provider has conducted all relevant safeguarding checks on staff.

13. Work experience

When a pupil is sent on work experience, the school will ensure that the provider has appropriate safeguarding policies and procedures in place. Where the school has pupils conduct work experience at the school, an enhanced DBS check will be obtained if the pupil is over the age of 16.

14. Homestay exchange visits

School-arranged homestays in UK

Where the school is arranging for a visiting child to be provided with care and accommodation in the UK in the home of a family to which the child is not related, the responsible adults are considered to be in regulated activity for the period of the stay. In such cases, the school is the regulated activity provider; therefore, the school will obtain all the necessary information required, including a DBS enhanced certificate with barred list information, to inform its assessment of the suitability of the responsible adults.

Where criminal record information is disclosed, the school will consider, alongside all other information, whether the adult is a suitable host. In addition to the responsible adults, the school will

consider whether a DBS enhanced certificate should be obtained for anyone else aged over 16 in the household.

School-arranged homestays abroad

The school will liaise with partner schools to discuss and agree the arrangements in place for the visit. The school will consider, on a case-by-case basis, whether to contact the relevant foreign embassy or High Commission of the country in question to ascertain what checks may be possible in respect of those providing homestay outside of the UK. The school will use its professional judgement to assess whether the arrangements are appropriate and sufficient to safeguard every child involved in the exchange. Pupils will be provided with emergency contact details to use where an emergency occurs or a situation arises that makes them feel uncomfortable.

Privately arranged homestays

Where a parent or pupil arranges their own homestay, this is a private arrangement and the school is not the regulated activity provider.

Private fostering

Where a period of UK homestay lasts 28 days or more for a child aged under 16, or under 18 for a child with SEND, this may amount to private fostering under the Children Act 1989. Where the school becomes aware of a pupil being privately fostered, they will notify the LA as soon as possible to allow the LA to conduct any necessary checks.

15. Concerns about pupils

If a member of staff has any concern about a pupil's welfare, or a pupil has reported a safeguarding concern in relation to themselves or a peer, they will act on them immediately by speaking to the DSL or deputy DSLs.

Staff will be aware that pupils may not feel ready or know how to tell someone that they are being abused, exploited or neglected, and/or they may not recognise their experiences as harmful. Staff will be aware that this must not prevent them from having professional curiosity and speaking to the DSL, or deputy DSL, if they have a concern about a pupil.

All staff members are aware of the procedure for reporting concerns and understand their responsibilities in relation to confidentiality and information sharing, as outlined in the communication and confidentiality section of this policy.

Where the DSL is not available to discuss the concern with, staff members will contact the deputy DSLs with the matter. If a referral is made about a pupil by anyone other than the DSL, the DSL will be informed as soon as possible.

The LA will make a decision regarding what action is required within one working day of the referral being made and will notify the referrer. Staff are required to monitor a referral if they do not receive information from the LA regarding what action is necessary for the pupil. If the situation does not improve after a referral, the DSL will ask for reconsideration to ensure that their concerns have been addressed and that the situation improves for the pupil.

If early help is appropriate, the case will be kept under constant review. If the pupil's situation does not improve, a referral will be considered. All concerns, discussions and decisions made, as well as the

reasons for making those decisions, will be recorded in writing by the DSL and kept securely in CPOMS/ locked in Lead DSL office.

If a pupil is in immediate danger, a referral will be made to CSCS and/or the police immediately. If a pupil has committed a crime, such as sexual violence, the police will be notified without delay.

Where there are safeguarding concerns, the school will ensure that the pupil's wishes are always taken into account, and that there are systems available for pupils to provide feedback and express their views. When responding to safeguarding concerns, staff members will act calmly and supportively, ensuring that the pupil feels like they are being listened to and believed.

An inter-agency assessment will be undertaken where a child and their family could benefit from coordinated support from more than one agency. These assessments will identify what help the child and family require in preventing needs escalating to a point where intervention would be needed.

16. Managing referrals

The reporting and referral process outlined in the Reporting Safeguarding Concerns Process Flowchart will be followed accordingly.

All staff members, in particular the DSL, will be aware of the LA's arrangements in place for managing referrals. The DSL will provide staff members with clarity and support where needed. When making a referral to CSCS or other external agencies, information will be shared in line with confidentiality requirements and will only be shared where necessary to do so.

The DSL will work alongside external agencies, maintaining continuous liaison, including multi-agency liaison where appropriate, in order to ensure the wellbeing of the pupils involved. The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

Where a pupil has been harmed or is in immediate danger or at risk of harm, the referrer will be notified of the action that will be taken within one working day of a referral being made. Where this information is not forthcoming, the referrer will contact the assigned social worker for more information.

The school will not wait for the start or outcome of an investigation before protecting the victim and other pupils: this applies to criminal investigations as well as those made by CSCS. Where CSCS decide that a statutory investigation is not appropriate, the school will consider referring the incident again if it is believed that the pupil is at risk of harm. Where CSCS decide that a statutory investigation is not appropriate and the school agrees with this decision, the school will consider the use of other support mechanisms, such as early help and pastoral support.

At all stages of the reporting and referral process, the pupil will be informed of the decisions made, actions taken and reasons for doing so. Discussions of concerns with parents will only take place where this would not put the pupil or others at potential risk of harm. The school will work closely with parents to ensure that the pupil, as well as their family, understands the arrangements in place, such as in-school interventions, is effectively supported, and knows where they can access additional support.

17. Concerns about school safeguarding practices

Any concerns regarding the safeguarding practices at the school will be raised with the SLT, and the necessary whistleblowing procedures will be followed, as outlined in the Whistleblowing Policy. If a staff member feels unable to raise an issue with the SLT, they should access other whistleblowing channels such as the NSPCC whistleblowing helpline (0800 028 0285).

18. Safeguarding concerns and allegations of abuse against staff

All allegations against staff, supply staff, volunteers and contractors will be managed in line with the school's Allegations of Abuse Against Staff Policy, a copy of which will be provided to, and understood by, all staff. The school will ensure all allegations against staff, including those who are not employees of the school, are dealt with appropriately and that the school liaises with the relevant parties.

When managing allegations against staff, the school will recognise the distinction between allegations that meet the harms threshold and allegations that do not, also known as "low-level concerns", as defined in the Allegations of Abuse Against Staff Policy. Allegations that meet the harms threshold include instances where staff have:

- Behaved in a way that has harmed a child or may have harmed a child.
- Committed or possibly committed a criminal offence against or related to a child.
- Behaved towards a child in a way that indicates they may pose a risk of harm to children.
- Behaved, or may have behaved, in a way that indicates they may not be suitable to work with children.

19. Communication and confidentiality

All child protection and safeguarding concerns will be treated in the strictest of confidence in accordance with school data protection policies.

Where there is an allegation or incident of sexual abuse or sexual violence, the victim is entitled to anonymity by law; therefore, the school will consult its policy and agree on what information will be disclosed to staff and others, in particular the alleged perpetrator and their parents. Where a report of sexual violence or sexual harassment is progressing through the criminal justice system, the school will do all it can to protect the anonymity of the pupils involved in the case.

Concerns will only be reported to those necessary for its progression and reports will only be shared amongst staff members and with external agencies on a need-to-know basis. During the disclosure of a concern by a pupil, staff members will not promise the pupil confidentiality and will ensure that they are aware of what information will be shared, with whom and why.

Where it is in the public interest, and protects pupils from harm, information can be lawfully shared without the victim's consent, e.g. if doing so would assist the prevention, detection or prosecution of a serious crime. Before doing so, the DSL will weigh the victim's wishes against their duty to protect the victim and others. Where a referral is made against the victim's wishes, it is done so carefully with the reasons for the referral explained to the victim and specialist support offered.

Depending on the nature of a concern, the DSL will discuss the concern with the parents of the pupils involved. Discussions with parents will not take place where they could potentially put a pupil at risk of harm. Discussion with the victim's parents will relate to the arrangements being put in place to

safeguard the victim, with the aim of understanding their wishes in terms of support arrangements and the progression of the report. Discussion with the alleged perpetrator's parents will have regards to the arrangements that will impact their child, such as moving classes, with the reasons behind decisions being explained and the available support discussed. External agencies will be invited to these discussions where necessary.

Where confidentiality or anonymity has been breached, the school will implement the appropriate disciplinary procedures as necessary and will analyse how damage can be minimised and future breaches be prevented.

Where a pupil is leaving the school, the DSL will consider whether it is appropriate to share any information with the pupil's new provider, in addition to the child protection file, that will allow the new provider to support the pupil and arrange appropriate support for their arrival.

20. Safer recruitment

The school's full policy and procedures for safer recruitment are outlined in the Safer Recruitment Policy.

An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in 'regulated activity' if, as a result of their work, they:

- Are responsible on a daily basis for the care or supervision of children.
- Regularly work in the school at times when children are on the premises.
- Regularly come into contact with children under 18 years of age.

The DfE's DBS Workforce Guides will be consulted when determining whether a position fits the child workforce criteria.

The governing body will conduct the appropriate pre-employment checks for all prospective employees, including internal candidates and candidates who have lived or worked outside the UK.

The appropriate DBS and suitability checks will be carried out for all governors, volunteers, and contractors.

21. Single central record (SCR)

The school keeps an SCR which records all staff, including agency and third-party supply staff, and teacher trainees on salaried routes, who work at the school.

The following information is recorded on the SCR:

- An identity check
- A barred list check
- An enhanced DBS check
- A prohibition from teaching check
- A check of professional qualifications, where required
- A check to determine the individual's right to work in the UK
- Additional checks for those who have lived or worked outside of the UK

For agency and third-party supply staff, the school will also record whether written confirmation from the employment business supplying the member of staff has been received which indicates that all the necessary checks have been conducted (i.e. all the same checks the school would perform on any individual working in the school or who will be providing education on the school's behalf, including through online delivery) and the date that confirmation was received.

If any checks have been conducted for volunteers, this will also be recorded on the SCR. If risk assessments are conducted to assess whether a volunteer should be subject to an enhanced DBS check, the risk assessment will be recorded.

Written confirmation that supply agencies have completed all relevant checks will also be included.

The school is free to record any other information it deems relevant.

The details of an individual will be removed from the SCR once they no longer work at the school.

22. Training

Staff members will undergo safeguarding and child protection training at induction, which will be updated on **an annual basis** and/or whenever there is a change in legislation.

The induction training will cover:

- The Child Protection and Safeguarding Policy.
- The Child-on-child Abuse Policy and procedures.
- The Staff Code of Conduct.
- Part one of 'Keeping children safe in education' (KCSIE) (or Annex A, if appropriate).
- The Behaviour Policy.
- The Children Absent from Education Policy, including the safeguarding response to children who are absent from education.
- Appropriate child protection and safeguarding training, including online safety training – which, amongst other things, includes an understanding of expectations, applicable roles and responsibilities in relation to filtering and monitoring.
- Information about the role and identity of the DSL and deputy DSLs.

All staff members will also receive regular safeguarding and child protection updates as required, but at least annually. Training will cover, at a minimum:

- The issues surrounding sexual violence and sexual harassment.
- Contextual safeguarding.
- How to keep LAC and PLAC safe.
- CCE and the need to refer cases to the National Referral Mechanism.
- Updated online safety training.

Staff will receive opportunities to contribute towards and inform the safeguarding arrangements in the school.

The DSL and deputy DSLs will undergo child protection and safeguarding training, and update this training at least every two years. The DSL and deputy DSLs will also obtain access to resources and attend any relevant or refresher training courses, ensuring they keep up-to-date with any developments relevant to their role. This will include training to understand:

- The assessment process for providing early help and statutory intervention, including local criteria for action and CSCS referral arrangements.
- How LAs conduct child protection case conferences and a child protection review conferences, to enable the DSL to attend and contribute to these effectively when required.
- The importance of providing information and support to CSCS.
- The lasting impact that adversity and trauma can have.
- How to be alert to the specific needs of children in need, pupils with SEND and/or relevant health conditions, and young carers.
- The importance of internal and external information sharing.
- The Prevent duty.
- The risks associated with online safety, including the additional risks faced online by pupils with SEND.

23. Monitoring and review

This policy is reviewed at least annually by the DSL and the headteacher. This policy will be updated as needed to ensure it is up-to-date with safeguarding issues as they emerge and evolve, including any lessons learnt.

Any changes made to this policy will be communicated to all members of staff. All members of staff are required to familiarise themselves with all processes and procedures outlined in this policy as part of their induction programme. The next scheduled review date for this policy is September 2024.

APPENDIX A: Specific safeguarding issues

This appendix sets out details about specific safeguarding issues that pupils may experience and outlines specific actions that would be taken in relation to individual issues.

Here are the issues covered:

1. Domestic abuse
2. Homelessness
3. Children missing from education
4. Child abduction and community safety incidents
5. Child criminal exploitation (CCE)
6. Cyber-crime
7. Child sexual exploitation (CSE)
8. Modern slavery
9. FGM
10. Virginity testing and hymenoplasty
11. Forced marriage
12. Radicalisation
13. Pupils with family members in prison
14. Pupils required to give evidence in court
15. Mental health
16. Serious violence

Domestic abuse

For the purposes of this policy, and in line with the Domestic Abuse Act 2021, “**domestic abuse**” is defined as abusive behaviour of a person towards another person (including conduct directed at someone else, e.g. the person’s child) where both are aged 16 or over and are personally connected. “**Abusive behaviour**” includes physical or sexual abuse, violent or threatening behaviour, controlling or coercive behaviour, economic abuse, psychological or emotional abuse, or another form of abuse. “**Personally connected**” includes people who:

- Are, have been, or have agreed to be married to each other.
- Are, have been, or have agreed to be in a civil partnership with each other.
- Are, or have been, in an intimate personal relationship with each other.
- Each have, or had, a parental relationship towards the same child.
- Are relatives.

The school will recognise the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of domestic abuse. All staff will be aware of the signs of domestic abuse and follow the appropriate safeguarding procedures where concerns arise.

Homelessness

The DSL and deputy DSLs will be aware of the contact details and referral routes into the Local Housing Authority so that concerns over homelessness can be raised as early as possible.

Indicators that a family may be at risk of homelessness include:

- Household debt.

- Rent arrears.
- Domestic abuse.
- Anti-social behaviour.
- Any mention of a family moving home because “they have to”.

Referrals to the Local Housing Authority do not replace referrals to CSCS where a child is being harmed or at risk of harm. For 16- and 17-year-olds, homelessness may not be family-based and referrals to CSCS will be made as necessary where concerns are raised.

Children missing from education

A child going missing from school is a potential indicator of abuse or neglect and, as such, these children are increasingly at risk of being victims of harm, exploitation or radicalisation. Staff will monitor pupils that go missing from the school, particularly on repeat occasions, and report them to the DSL following normal safeguarding procedures, in accordance with the Children Missing Education Policy. The school will inform the LA of any pupil who fails to attend regularly or has been absent without the school’s permission for a continuous period of 10 school days or more.

Admissions register

Pupils are placed on the admissions register at the beginning of the first day that is agreed by the school, or when the school has been notified that the pupil will first be attending. The school will notify the LA within 5 days of when a pupil’s name is added to the admissions register.

The school will ensure that the admissions register is kept up-to-date and accurate at all times and will inform parents when any changes occur. Two emergency contacts will be held for each pupil where possible. Staff will monitor pupils who do not attend the school on the agreed date and will notify the LA at the earliest opportunity.

If a parent notifies the school that their child will live at a different address, the school will record the following information on the admissions register:

- The full name of the parent with whom the pupil will live
- The new address
- The date from when the pupil will live at that address

If a parent notifies the school that their child will be attending a different school, or is already registered at a different school, the following information will be recorded on the admissions register:

- The name of the new school
- The date on which the pupil first attended, or is due to attend, that school

Where a pupil moves to a new school, the school will use a secure internet system to securely transfer pupils’ data.

To ensure accurate data is collected to allow effective safeguarding, the school will inform the LA of any pupil who is going to be deleted from the admission register, in accordance with the Education (Pupil Registration) (England) Regulations 2006 (as amended), where they:

- Have been taken out of the school by their parents, and are being educated outside the national education system, e.g. home education.

- Have ceased to attend the school, and no longer live within a reasonable distance of the premises.
- Have been certified by the school's medical officer as unlikely to be in a fit state of health to attend, before ceasing to be of compulsory school age, and their parent has not indicated the intention to the pupil continuing to attend school after ceasing to be of compulsory school age.
- Have been in custody for a period of more than four months due to a final court order and the school does not reasonably believe they will be returning to the school at the end of that period.
- Have been permanently excluded.

The school will also remove a pupil from the admissions register where the school and LA has been unable to establish the pupil's whereabouts after making reasonable enquiries into their attendance.

If a pupil is to be removed from the admissions register, the school will provide the LA with the following information:

- The full name of the pupil
- The full name and address of any parent with whom the pupil lives
- At least one telephone number of the parent with whom the pupil lives
- The full name and address of the parent with whom the pupil is going to live, and the date that the pupil will start living there, if applicable
- The name of the pupil's new school and the pupil's expected start date there, if applicable
- The grounds for removal from the admissions register under regulation 8 of the Education (Pupil Registration) (England) Regulations 2006 (as amended)

The school will work with the LA to establish methods of making returns for pupils back into the school. The school will highlight to the LA where they have been unable to obtain necessary information from parents, e.g. where an address is unknown. The school will also highlight any other necessary contextual information, including safeguarding concerns.

Child abduction and community safety incidents

For the purposes of this policy, "**child abduction**" is defined as the unauthorised removal or retention of a child from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents and other relatives, other people known to the victim, and strangers.

All staff will be alert to community safety incidents taking place in the vicinity of the school that may raise concerns regarding child abduction, e.g. people loitering nearby or unknown adults conversing with pupils.

Pupils will be provided with practical advice and lessons to ensure they can keep themselves safe outdoors.

Child criminal exploitation (CCE)

For the purposes of this policy, "**child criminal exploitation**" is defined as a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into taking part in criminal activity, for any of the following reasons:

- In exchange for something the victim needs or wants

- For the financial advantage or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence

Specific forms of CCE can include:

- Being forced or manipulated into transporting drugs or money through county lines.
- Working in cannabis factories.
- Shoplifting or pickpocketing.
- Committing vehicle crime.
- Committing, or threatening to commit, serious violence to others.

The school will recognise that pupils involved in CCE are victims themselves, regardless of whether they have committed crimes, and even if the criminal activity appears consensual. The school will also recognise that pupils of any gender are at risk of CCE.

School staff will be aware of the indicators that a pupil is the victim of CCE, including:

- Appearing with unexplained gifts, money or new possessions.
- Associating with other children involved in exploitation.
- Suffering from changes in emotional wellbeing.
- Misusing drugs or alcohol.
- Going missing for periods of time or regularly coming home late.
- Regularly missing school or education or not taking part.

County lines

For the purposes of this policy, “**county lines**” refers to gangs and organised criminal networks exploiting children to move, store or sell drugs and money into one or more areas, locally and/or across the UK.

As well as the general indicators for CCE, school staff will be aware of the specific indicators that a pupil may be involved in county lines, including:

- Going missing and subsequently being found in areas away from their home.
- Having been the victim or perpetrator of serious violence, e.g. knife crime.
- Receiving requests for drugs via a phone line.
- Moving drugs.
- Handing over and collecting money for drugs.
- Being exposed to techniques such as ‘plugging’, where drugs are concealed internally to avoid detection.
- Being found in accommodation they have no connection with or a hotel room where there is drug activity.
- Owing a ‘debt bond’ to their exploiters.
- Having their bank account used to facilitate drug dealing.

Staff will be made aware of pupils with missing episodes who may have been trafficked for the purpose of transporting drugs. Staff members who suspect a pupil may be vulnerable to, or involved in, county lines activity will immediately report all concerns to the DSL.

The DSL will consider referral to the National Referral Mechanism on a case-by-case basis and consider involving local services and providers who offer support to victims of county lines exploitation.

Cyber-crime

For the purposes of this policy, **“cyber-crime”** is defined as criminal activity committed using computers and/or the internet. This includes ‘cyber-enabled’ crimes, i.e. crimes that can happen offline but are enabled at scale and at speed online, and ‘cyber-dependent’ crimes, i.e. crimes that can be committed only by using a computer. Crimes include:

- Unauthorised access to computers, known as ‘hacking’.
- Denial of Service attacks, known as ‘booting’.
- Making, supplying or obtaining malicious software, or ‘malware’, e.g. viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence.

All staff will be aware of the signs of cyber-crime and follow the appropriate safeguarding procedures where concerns arise. This may include the DSL referring pupils to the National Crime Agency’s Cyber Choices programme.

Child sexual exploitation (CSE)

For the purposes of this policy, **“child sexual exploitation”** is defined as a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, for any of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage, increased status or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence

The school will recognise that CSE can occur over time or be a one-off occurrence, and may happen without the pupil’s immediate knowledge, e.g. through others sharing videos or images of them on social media. The school will recognise that CSE can affect any pupil who has been coerced into engaging in sexual activities, even if the activity appears consensual; this includes pupils aged 16 and above who can legally consent to sexual activity. The school will also recognise that pupils may not realise they are being exploited, e.g. they believe they are in a genuine romantic relationship.

School staff will be aware of the key indicators that a pupil is the victim of CSE, including:

- Appearing with unexplained gifts, money or new possessions.
- Associating with other children involved in exploitation.
- Suffering from changes in emotional wellbeing.
- Misusing drugs or alcohol.
- Going missing for periods of time or regularly coming home late.
- Regularly missing school or education or not taking part.
- Having older partners.
- Suffering from sexually transmitted infections.
- Displaying sexual behaviours beyond expected sexual development.
- Becoming pregnant.

Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern remains, local safeguarding procedures will be triggered, including referral to the LA. The LA and all other necessary authorities will then handle the matter to conclusion. The school will co-operate as needed.

Modern slavery

For the purposes of this policy, “**modern slavery**” encompasses human trafficking and slavery, servitude, and forced or compulsory labour. This can include CCE, CSE, and other forms of exploitation.

All staff will be aware of and alert to the signs that a pupil may be the victim of modern slavery. Staff will also be aware of the support available to victims of modern slavery and how to refer them to the National Referral Mechanism.

FGM

For the purposes of this policy, “**FGM**” is defined as all procedures involving the partial or total removal of the external female genitalia or other injury to the female genital organs. FGM is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

All staff will be alert to the possibility of a pupil being at risk of FGM, or already having suffered FGM. If staff are worried about someone who is at risk of FGM or who has been a victim of FGM, they are required to share this information with CSCS and/or the police. The school’s procedures relating to managing cases of FGM and protecting pupils will reflect multi-agency working arrangements.

As outlined in Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015), teachers are **legally required** to report to the police any discovery, whether through disclosure by the victim or visual evidence, of FGM on a pupil under the age of 18. Teachers failing to report such cases may face disciplinary action. Teachers will not examine pupils, and so it is rare that they will see any visual evidence, but they must personally report to the police where an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also consider and discuss any such case with the DSL and involve CSCS as appropriate. **NB:** This does not apply to any suspected or at-risk cases, nor if the individual is over the age of 18. In such cases, local safeguarding procedures will be followed.

All staff will be aware of the indicators that pupils may be at risk of FGM. While some individual indicators they may not indicate risk, the presence of two or more indicators could signal a risk to the pupil. It is important to note that the pupil may not yet be aware of the practice or that it may be conducted on them, so staff will be sensitive when broaching the subject.

Indicators that a pupil may be at heightened risk of undergoing FGM include:

- The socio-economic position of the family and their level of integration into UK society.
- The pupil coming from a community known to adopt FGM.
- Any girl with a mother or sister who has been subjected to FGM.
- Any girl withdrawn from PSHE.

Indicators that FGM may take place soon include:

- When a female family elder is visiting from a country of origin.
- A girl confiding that she is to have a ‘special procedure’ or a ceremony to ‘become a woman’.
- A girl requesting help from a teacher if she is aware or suspects that she is at immediate risk.

- A girl, or her family member, talking about a long holiday to her country of origin or another country where FGM is prevalent.

All staff will be vigilant to the signs that FGM has already taken place so that help can be offered, enquiries can be made to protect others, and criminal investigations can begin. Indicators that FGM may have already taken place include the pupil:

- Having difficulty walking, sitting or standing.
- Spending longer than normal in the bathroom or toilet.
- Spending long periods of time away from a classroom during the day with bladder or menstrual problems.
- Having prolonged or repeated absences from school, followed by withdrawal or depression.
- Being reluctant to undergo normal medical examinations.
- Asking for help, but not being explicit about the problem due to embarrassment or fear.

FGM is included in the definition of “**honour-based’ abuse (HBA)**”, which involves crimes that have been committed to defend the honour of the family and/or community. All forms of HBA are forms of abuse and will be treated and escalated as such. Staff will be alert to the signs of HBA, including concerns that a child is at risk of HBA, or has already suffered from HBA, and will consult with the DSL who will activate local safeguarding procedures if concerns arise.

Virginity testing and hymenoplasty

Under the Health and Care Act 2022, it is illegal to carry out, offer or aid and abet virginity testing or hymenoplasty in any part of the UK. It is also illegal for UK nationals and residents to do these things outside the UK.

Virginity testing - Also known as hymen, ‘2-finger’ or vaginal examination, this is defined as any examination (with or without contact) of the female genitalia intended to establish if vaginal intercourse has taken place. This is irrespective of whether consent has been given. Vaginal examination has no established scientific merit or clinical indication.

Hymenoplasty - A procedure which can involve a number of different techniques, but typically involving stitching or surgery, undertaken to reconstruct a hymen with the intent that the person bleeds the next time they have vaginal intercourse. Hymenoplasty is different to procedures that may be performed for clinical reasons, e.g. surgery to address discomfort or menstrual complications.

Virginity testing and hymenoplasty are forms of violence against women and girls and are part of the cycle of HBA, and can be precursors to child or forced marriage and other forms of family and/or community coercive behaviours, including physical and emotional control. Victims are pressurised into undergoing these procedures, often by family members or their intended husbands’ family to fulfil the requirement that a woman remains ‘pure’ before marriage. Those who ‘fail’ to meet this requirement are likely to suffer further abuse, including emotional and physical abuse, disownment and even honour killings.

The procedures are degrading and intrusive, and can result in extreme psychological trauma, provoking conditions such as anxiety, depression and PTSD, as well as physical harm and medical complications. Staff will be alert to the possible presence of stress, anxiety and other psychological or behavioural signs, and mental health support should be made available where appropriate.

Victims face barriers in coming forward, e.g. they may not know that the abuse was abnormal or wrong at the time, and may feel shameful, having been taught that speaking out against family and/or the community is wrong, or being scared about the repercussions of speaking out. The school will educate pupils about the harms of these practices and dispel myths, e.g. the belief that virginity determines the worth of a woman, and establish an environment where pupils feel safe enough to make a disclosure.

Pupils aged 13 and older are considered to be most at risk, but it can affect those as young as 8, and anyone with female genitalia can be a victim regardless of age, gender identity, ethnicity, sexuality, religion, disability or socioeconomic status. All staff will be aware of the following indicators that a pupil is at risk of or has been subjected to a virginity test and/or hymenoplasty:

- A pupil is known to have requested either procedure or asks for help
- Family members disclose that the pupil has already undergone the practices
- Pain and discomfort after the procedures, e.g. difficulty in walking or sitting for a long period of time which was not a problem previously
- Concern from family members that the pupil is in a relationship, or plans for them to be married
- A close relative has been threatened with either procedure or has already been subjected to one
- A pupil has already experienced or is at risk of other forms of HBA
- A pupil is already known to social services in relation to other safeguarding issues
- A pupil discloses other concerns that could be an indication of abuse, e.g. they may state that they do not feel safe at home, that family members will not let them out the house and/or that family members are controlling
- A pupil displays signs of trauma and an increase in emotional and psychological needs, e.g. withdrawal, anxiety, depression, or significant change in behaviour
- A pupil appears fearful of their family or a particular family member
- Unexplained absence from school, potentially to go abroad
- Changes in behaviour, e.g. a deterioration in schoolwork, attendance, or attainment

The above list is not exhaustive, but if any of these indicators are identified, staff members will immediately raise concerns with the DSL. An assessment of the risk they face will be undertaken. If there is believed to be immediate danger, the police will be contacted without delay.

The school will not involve families and community members in cases involving virginity testing and hymenoplasty, including trying to mediate with family or using a community member as an interpreter, as this may increase the risk of harm to the pupil, including expediting arrangements for the procedure.

Forced marriage

Forced marriage is a marriage where one or both spouses do not consent to the marriage but are coerced into it. Force can be physical, psychological, financial, sexual and emotional pressure. A lack of full and free consent can be where a person does not consent or where they cannot consent, e.g. due to some forms of SEND. Where an individual lacks the capacity to consent to marriage, coercion is not required for a marriage to be forced.

All staff will be alert to the indicators that a pupil is at risk of, or has undergone, forced marriage, including, but not limited to, the pupil:

- Being absent from school – particularly where this is persistent.
- Requesting for extended leave of absence and failure to return from visits to country of origin.
- Being fearful about forthcoming school holidays.
- Being subjected to surveillance by siblings or cousins at school.
- Demonstrating a decline in behaviour, engagement, performance, exam results or punctuality.
- Being withdrawn from school by their parents.
- Being removed from a day centre when they have a physical or learning disability.
- Not being allowed to attend extracurricular activities.
- Suddenly announcing that they are engaged to a stranger, e.g. to friends or on social media.
- Having a family history of forced marriage, e.g. their older siblings have been forced to marry.
- Being prevented from going on to further or higher education.
- Showing signs of mental health disorders and behaviours, e.g. depression, self-harm, anorexia.
- Displaying a sudden decline in their educational performance, aspirations or motivation.

Staff who have any concerns regarding a pupil who may have undergone, is currently undergoing, or is at risk of forced marriage will speak to the DSL or headteacher and local safeguarding procedures will be followed – this could include referral to CSCS, the police or the Forced Marriage Unit. The DSL or headteacher will ensure the pupil is spoken to privately about these concerns and further action taken as appropriate. Pupils will always be listened to and their comments taken seriously.

It will be made clear to staff members that they should not approach the pupil's family or those with influence in the community, without the express consent of the pupil, as this will alert them to the concerns and may place the pupil in further danger.

Advice will be sought from the Forced Marriage Unit following any suspicion of forced marriage among pupils.

If a pupil is being forced to marry, or is fearful of being forced to, the school will be especially vigilant for signs of mental health disorders and self-harm. The pupil will be supported by the DSL and senior mental health lead and referrals will be made on a case-by-case basis.

Staff members will make themselves aware of how they can support victims of forced marriage in order to respond to the victims needs at an early stage, and be aware of the practical help they can offer, e.g. referral to social services and local and national support groups.

Local child safeguarding procedures will be activated following concerns regarding forced marriage – the school will use existing national and local protocols for multi-agency liaison with police and children's social care.

The school will support any victims to seek help by:

- Making them aware of their rights and choices to seek legal advice and representation.
- Recording injuries and making referrals for medical examination where necessary.
- Providing personal safety advice.

- Developing a safety plan in case they are seen, e.g. by preparing another reason for why the victim is seeking help.

The school will establish where possible whether pupils at risk of forced marriage have a dual nationality or two passports.

The school will aim to create an open environment where pupils feel comfortable and safe to discuss the problems they are facing – this means creating an environment where forced marriage is discussed openly within the curriculum and support and counselling are provided routinely.

The school will take a whole school approach towards educating on forced marriage in the school curriculum and environment – in particular, the school’s RSHE curriculum will incorporate teaching about the signs of forced marriage and how to obtain help. Appropriate materials and sources of further support will be signposted to pupils. Pupils will be encouraged to access appropriate advice, information and support.

Teachers and other staff members will be educated **annual training** about the issues surrounding forced marriage and the signs to look out for.

Radicalisation

For the purposes of this policy, “**radicalisation**” refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

For the purposes of this policy, “**extremism**” refers to the vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty, and the mutual respect and tolerance of different faiths and beliefs. Extremism also includes calling for the death of members of the armed forces.

For the purposes of this policy, “**terrorism**” refers to an action that endangers or causes serious violence to a person or people, serious damage to property, or seriously interferes with or disrupts an electronic system. The use or threat of these actions must be designed to influence the government or intimidate the public, and be made for the purpose of advancing a political, religious or ideological cause.

Protecting pupils from the risk of radicalisation is part of the school’s wider safeguarding duties. The school will actively assess the risk of pupils being radicalised and drawn into extremism and/or terrorism. Staff will be alert to changes in pupils’ behaviour which could indicate that they may need help or protection. Staff will use their professional judgement to identify pupils who may be at risk of radicalisation and act appropriately, which may include contacting the DSL or making a Prevent referral. The school will work with local safeguarding arrangements as appropriate.

The school will ensure that they engage with parents and families, as they are in a key position to spot signs of radicalisation. In doing so, the school will assist and advise family members who raise concerns and provide information for support mechanisms. Any concerns over radicalisation will be discussed with the pupil’s parents, unless the school has reason to believe that the child would be placed at risk as a result.

The DSL will undertake Prevent awareness training to be able to provide advice and support to other staff on how to protect pupils against the risk of radicalisation. The DSL will hold formal training sessions with all members of staff to ensure they are aware of the risk indicators and their duties regarding preventing radicalisation.

The Prevent duty

Under section 26 of the Counter-Terrorism and Security Act 2015, all schools are subject to a duty to have “due regard to the need to prevent people from being drawn into terrorism”, known as “**the Prevent duty**”. The Prevent duty will form part of the school’s wider safeguarding obligations.

Pupils with family members in prison

Pupils with a family member in prison will be offered pastoral support as necessary. They will receive a copy of ‘[Are you a young person with a family member in prison?](#)’ from Action for Prisoners’ Families where appropriate and allowed the opportunity to discuss questions and concerns.

Pupils required to give evidence in court

Pupils required to give evidence in criminal courts, either for crimes committed against them or crimes they have witnessed, will be offered appropriate pastoral support.

Pupils will be provided with the booklet ‘Going to Court and being a witness’ from HMCTS where appropriate and allowed the opportunity to discuss questions and concerns.

Mental health

All staff will be made aware that mental health problems can, in some cases, be an indicator that a pupil has suffered, or is at risk of suffering, abuse, neglect or exploitation.

Staff will not attempt to make a diagnosis of mental health problems – the school will ensure this is done by a trained mental health professional. Staff will, however, be encouraged to identify pupils whose behaviour suggests they may be experiencing a mental health problem or may be at risk of developing one. Staff will also be aware of how pupils’ experiences can impact on their mental health, behaviour, and education.

Staff who have a mental health concern about a pupil that is also a safeguarding concern will act in line with this policy and speak to the DSL or deputy DSLs.

The school will access a range of advice to help them identify pupils in need of additional mental health support, including working with external agencies.

In all cases of mental health difficulties, the school’s Social, Emotional and Mental Health (SEMH) Policy will be consulted and adhered to at all times.

Serious violence

Through training, all staff will be made aware of the indicators which may signal a pupil is at risk from, or is involved with, serious violent crime. These indicators include, but are not limited to:

- Increased absence from school.
- A change in friendships.
- Relationships with older individuals or groups.
- A significant decline in academic performance.
- Signs of self-harm.
- A significant change in wellbeing.
- Signs of assault.
- Unexplained injuries.
- Unexplained gifts or new possessions.

Staff will be made aware of some of the most significant risk factors that could increase a pupil's vulnerability to becoming involved in serious violence. These risk factors include, but are not limited to:

- Being male.
- Having been frequently absent from school.
- Having been permanently excluded from school.
- Having experienced child maltreatment.
- Having been involved in offending, such as theft or robbery.

Staff members who suspect a pupil may be vulnerable to, or involved in, serious violent crime will immediately report their concerns to the DSL.

The school will be aware that the Police, Crime, Sentencing and Courts Act will introduce a new duty in early 2023 on a range of specified authorities, such as the police, to share data and information, and put plans in place to prevent and reduce serious violence within their local communities. Schools will be under a separate duty to cooperate with core duty holders when asked – the school will ensure arrangements are in place to do so.

APPENDIX B: CHILD-ON-CHILD ABUSE

Definitions

“**Child-on-child abuse**” is defined, for the purposes of this policy, as any form of abuse inflicted by one child or a group of children, i.e. individuals under the age of 18, against another child or group of children. This policy covers child-on-child abuse both inside and outside of school and both in person and online.

“**Harmful sexual behaviour**” is defined as any sexual behaviour which:

- Does not observe and respect any individuals on the receiving end of the behaviour, e.g. touching someone without their consent.
- Is inappropriate for the age or stage of development of the pupil.
- Is problematic, abusive or violent.
- May cause developmental damage.

Please note: Harmful sexual behaviour can occur online and/or face-to-face, and can also occur simultaneously between the two.

This policy will use the following terms to describe pupils involved in child-on-child abuse:

- **Victim(s)** – the individual(s) against whom the abuse has, or has allegedly, been inflicted.
- **Perpetrator(s)** – the individual(s) exhibiting abusive behaviour against their peers.
- **Alleged perpetrator(s)** – individual(s) against whom a report of abusive behaviour has been made, where guilt has not yet been ascertained.

Please note: The use of the word ‘alleged’ does not mean that the pupil in question is not guilty of child-on-child abuse, that the school does not believe the allegation, or that the allegation will not be taken seriously. Staff will remember that the school has a legal duty of care to all perpetrators and alleged perpetrators who are pupils at the school, including a requirement to ensure they can access their education. Staff will also keep in mind that, in some cases, the abusive behaviour will have been harmful to the perpetrator as well. Victims will be reassured that use of the term ‘alleged perpetrator’ is not an attempt to discredit their allegation.

Staff will also be conscious of the fact that not everyone who has been subjected to abuse considers themselves a victim or would want to be described this way. Staff will be prepared to use any term which the individual child is most comfortable. Staff will think very carefully about terminology when speaking in front of pupils, and the use of appropriate terminology will be determined on a case-by-case basis.

Types of child-on-child abuse

Staff will familiarise themselves with the forms that child-on-child abuse can take, including but not limited to:

Physical abuse

A form of abuse which may involve actions such as hitting, throwing, burning, drowning and poisoning, or otherwise causing physical harm to another child.

Sexual abuse

A form of abuse involving sexual activity between children – sexual abuse, for the purposes of this policy, is divided into two categories: sexual violence and sexual harassment.

“Sexual violence” encompasses the definitions provided in the Sexual Offences Act 2003, including rape, assault by penetration, sexual assault, i.e. non-consensual sexual touching, and causing another child to engage in sexual activity without consent, e.g. forcing someone to touch themselves sexually.

“Sexual harassment” refers to any sexual behaviour that could violate another child’s dignity, make them feel intimidated, degraded or humiliated, and/or create a hostile, offensive or sexualised environment, including:

- Sexualised jokes, taunting or comments.
- Physical behaviour, e.g. deliberately brushing against someone.
- Online sexual harassment, including:
 - Upskirting.
 - Sexualised online bullying.
 - Unwanted sexual comments and messages, including on social media.
 - Sexual threats or coercion.

The **“sharing of sexualised imagery”** can also constitute sexual harassment – this refers to the consensual and non-consensual sharing between pupils of sexually explicit content, including that which depicts:

- Another child posing nude or semi-nude.
- Another child touching themselves in a sexual way.
- Any sexual activity involving another child.
- Someone hurting another child sexually.

Staff will be aware that children creating, possessing, and distributing indecent imagery of other children is a criminal offence, even where the imagery is created, possessed, and distributed with the permission of the child depicted, or by the child themselves.

Bullying

Many kinds of behaviour can be considered bullying, and bullying can be related to almost anything.

Bullying is acted out through the following mediums:

- Verbally
- Physically
- Emotionally
- Online (cyberbullying)

Bullying will generally be handled in line with the Anti-bullying Policy; however, particularly severe instances will be handled in line with this policy and the Child Protection and Safeguarding Policy.

Online abuse

This involves the use of technology and the internet in order to harass, threaten or intimidate another child. Instances of online abuse will be managed in line with this policy, the Online Safety Policy and the Anti-bullying Policy.

Discriminatory behaviour

Discriminatory behaviour encompasses abuse inflicted on a pupil because of their protected characteristics, e.g. religion, ethnicity, gender, sexual orientation, culture, or any SEND. Discriminatory behaviour is never acceptable, and all cases will be handled in line with this policy and the Child Protection and Safeguarding Policy.

In accordance with the Equality Act 2010, schools will not tolerate unlawful discrimination against pupils because of any protected characteristics they may have.

Intimate partner abuse

This involves a romantic partnership between children in which one or both partners are emotionally, physically or sexually abusive to the other (sometimes known as 'teenage relationship abuse'). This could include:

- Repetitive insults.
- Controlling behaviour, e.g. preventing a child from socialising with others or deliberately isolating them from sources of support.
- Sexual harassment.
- Threats of physical or sexual abuse.

The school will manage intimate partner abuse in the same way as a case of abuse between any other children, i.e. via the processes outlined in the [Handling allegations of abuse against pupils](#) section of this policy, and in line with the Child Protection and Safeguarding Policy.

A whole-school approach to tackling child-on-child abuse

The school will continue to involve all members of the school community, including the governing board, staff, pupils, parents and other stakeholders, in creating a whole-school approach to child-on-child abuse.

The governing board will ensure that keeping children safe and protected from harm, including child-on-child abuse, is central to all policies and procedures implemented across the school. The school will ensure that procedures for handling child-on-child abuse are transparent, clear and understandable, and are readily accessible to any member of the school community who wishes to access them.

The school will implement a contextual approach to safeguarding pupils against child-on-child abuse, and will ensure that all procedures take into account incidents of child-on-child abuse that occur outside of school or online.

The headteacher will ensure that all staff receive adequate training on handling child-on-child abuse.

School culture

The school will prioritise cultivating a safe and respectful environment amongst pupils, and ensure that all pupils are aware that the school will adopt a **zero-tolerance stance** on child-on-child abuse of any kind.

The school will promote respectful interactions amongst pupils, and all staff will model appropriate and respectful behaviour. Staff will take care to avoid normalising harmful behaviour, particularly harmful sexual behaviour, e.g. by refraining from the use of phrases such as 'boys will be boys' or describing such behaviour as 'just having a laugh' or 'part of growing up', as these phrases can lead to a culture of unacceptable behaviours and normalised abuse.

The school will ensure that wider societal factors that exacerbate the problem of child-on-child abuse are reflected in its approach to creating a preventative culture. This means that individuals who are more likely to be abused, e.g. girls or LGBTQ+ pupils, or who are at increased risk of acting as a perpetrator in abusive situations, e.g. due to abusive home situations or anger management issues, are given additional support from an early stage. The school will have a clear set of values and standards that will be upheld and demonstrated throughout all aspects of school life and will be underpinned by the school's policies, procedures and curriculum.

The school will manage all early help and intervention for pupils that show early signs of harmful behaviour, or early signs of being the victim of harmful behaviour, in line with the Child Protection and Safeguarding Policy.

Curriculum

The school maintains the position that education surrounding respectful and healthy attitudes and behaviour towards others is the best way to combat child-on-child abuse in the school. All staff, not just teaching staff, will be responsible for passing this knowledge on to pupils.

In order to prevent child-on-child abuse and address the wider societal factors that can influence behaviour, the school will educate pupils about abuse, its forms and the importance of discussing any concerns and respecting others through the curriculum and extra-curricular activities.

The school will also ensure that pupils are taught about safeguarding, including online safety, as part of a broad and balanced curriculum. The school will also teach a planned programme of evidence-based RSHE, delivered in regularly timetabled lessons and reinforced throughout the whole curriculum. Such content will be fully inclusive, age and stage of development appropriate (especially when considering the needs of pupils with SEND), and tackle issues such as the following:

- Healthy and respectful relationships
- Boundaries and consent
- Stereotyping, prejudice and equality
- How to recognise an abusive relationship, including coercive and controlling behaviour
- LGBTQ+ identities and relationships
- Body confidence and self-esteem
- The concepts of, the laws relating to, and how to access support for the following:
 - Sexual consent
 - Sexual exploitation
 - Abuse
 - Grooming
 - Coercion
 - Harassment
 - Rape
 - Domestic abuse
 - So called honour-based violence, e.g. forced marriage or FGM
- What constitutes as sexual violence and sexual harassment and why these are always unacceptable

Pupils will be allowed an open forum to talk about concerns and sexual behaviour. They will be taught how to raise concerns and make a report, including concerns about their friends or peers, and how a report will be handled.

The curriculum will ensure that pupils of all ages are taught about and understand the concept of consent and its importance in an age-appropriate way.

Protecting pupils with increased vulnerability to child-on-child abuse

The school is aware that, while child-on-child abuse can be perpetrated by, and against, anyone, there are certain groups of pupils who are at an increased risk of being on the receiving end of child-on-child abuse.

Staff will be careful to acknowledge the increased risk certain pupils face while refraining from making assumptions about the nature of any reported, witnessed or suspected abuse. Staff will be aware that pupils who are generally at increased risk of abuse can also be perpetrators of abuse.

The school will ensure that action is taken, where possible, before major concerns arise; therefore, incidents of low-level abuse related to the characteristics of the below groups will be handled in line with early help procedures, which are laid out within the Child Protection and Safeguarding Policy.

Girls

Staff will be aware that girls are more likely to be on the receiving end of child-on-child sexual abuse than their male counterparts, and that sexual violence and harassment against girls is very common and accounts for the majority of cases.

Taking into account that sexual harassment against girls is widespread in society, and largely based in gender inequality, the school will aim to encourage gender equality in all aspects of its operations. The school will aim to promote and nurture healthy attitudes and relationships amongst pupils of all genders, e.g. by challenging and working to deconstruct gender stereotypes in school.

Staff will challenge any incidents of misogynistic language or gender-based abuse, whether of a sexualised nature or not, as holding misogynistic viewpoints can make a pupil more likely to commit sexualised violence in the future.

LGBTQ+ pupils

Staff will be aware that pupils who are LGBTQ+, or are perceived to be LGBTQ+ whether they are or not, are more likely to be targeted by their peers, e.g. for discriminatory bullying.

The school will hold a zero-tolerance policy towards pupils using homophobic, biphobic or transphobic language, regardless of whether or not the language is being directed at another individual. Every staff member will be individually responsible for challenging such behaviour and making clear to all pupils that any abuse towards pupils who are LGBTQ+, or who are perceived to be, is unacceptable.

The school will ensure that it is able to provide a safe space for LGBTQ+ pupils to speak out and/or share their concerns with members of staff.

Pupils with SEND

Staff will be aware that pupils with SEND are at increased risk of child-on-child abuse, as they are three times more likely to be abused than their peers. The school will ensure that there are mechanisms in

place to support pupils with SEND in reporting abuse, with due regard that these pupils may face additional barriers to reporting abuse and that spotting signs of abuse in these pupils may be harder.

Staff will avoid assuming that changes in the behaviour of pupils with SEND are as a result of their needs or disability, and will report any concerns to the DSL. The DSL and the SENCO will collaborate in the handling of instances of abuse towards pupils with SEND to ensure that barriers to communication can be effectively managed.

Black, Asian and minority ethnic (BAME) pupils

Staff will be aware that minority ethnic pupils, particularly black pupils, may be less likely to report abuse committed against them, and may be more likely to be misidentified as perpetrators of abuse.

The school will hold a zero-tolerance policy towards pupils using racist language, regardless of whether the language is being directed at another individual. Every staff member will be individually responsible for challenging such behaviour and making clear to all pupils that any abuse towards pupils from BAME backgrounds is unacceptable.

Staff will also be aware that BAME girls, BAME pupils with SEND, or BAME LGBTQ+, or perceived LGBTQ+ pupils, are likely to face increased abuse due to the intersection of these identities. Staff will be vigilant with regard to these pupils and the ways in which other pupils behave towards them, in order to ensure any incidents or potential incidents can be handled as soon as they occur.

Channels for pupils to report abuse

Pupils will be able to report incidents of child-on-child abuse or concerns about the behaviour of their peers through the following channels:

- Use the SHARP system to report concerns confidentially
- Speak to any member of the pastoral team, form tutors, SLT or any member of staff they trust
- Disclose to the school Counsellor
- Disclosing to the DSL in person during set walk-in hours.

All channels for reporting abuse will be promoted and publicised throughout the school, and all pupils will be made aware of how, and to whom, to report incidents of abuse. The school will also ensure pupils are aware of the type of behaviour that should be reported, ranging from criminal behaviour, e.g. rape or sexual assault, to everyday harassment, e.g. sexualised jokes or inappropriate comments, to ensure that victims do not view their experience as 'not serious enough' to report.

The school will maintain a culture that promotes reporting abuse, whether the individual reporting is the victim, a bystander, or a friend or relative of the victim. Staff will address any incidents of pupils equating reporting abuse to 'snitching' or being a 'tattle-tale', and will convey to these pupils how important it is to report abuse to help tackle the wider problem of child-on-child abuse in schools.

Staff identifying and reporting concerns

Staff will receive safeguarding training as part of their induction, and annual refresher training. This training will include guidance on how to recognise indicators of child-on-child abuse of all kinds, and how to distinguish between behaviour, particularly sexual behaviour, that is developmentally appropriate and that which is harmful.

When identifying pupils at risk of potential harm or who have been harmed by their peers, staff members will look out for a number of indicators including, but not limited to, the following:

- Injuries in unusual places, such as bite marks on the neck, that are also inconsistent with their age
- Lack of concentration and acting withdrawn
- Knowledge ahead of their age, e.g. sexual knowledge
- Use of explicit language
- Fear of abandonment
- Depression and low self-esteem
- Changes to their social group, e.g. spending time with older pupils, or social isolation
- Alcohol or substance misuse

Where a pupil is displaying signs of being impacted by child-on-child abuse, or perpetrating child-on-child abuse, staff will report this to the DSL as soon as is reasonably practical.

Staff will challenge all instances of abusive or harmful behaviour displayed by pupils that they witness or are reported to them. Staff will not wait for concerns or situations between pupils to escalate before intervening; minor or singular instances of abusive behaviour will still be brought to the attention of the DSL and the pupil will always be spoken to about their behaviour and disciplined, where appropriate, in line with the Behaviour Policy.

Staff will enforce the school's policy that no known and substantiated incident of abusive or harmful behaviour between pupils will occur without consequences for the perpetrator(s), although these consequences will be decided on a case-by-case basis and will take into account the views of any victims involved, the context of the behaviour and the severity of the incident.

Staff will be aware that just because a victim of abusive behaviour does not report the behaviour or react to the behaviour negatively, this does not mean that the behaviour is not still harmful; staff will be made aware that some pupils will be uncomfortable challenging their peers on inappropriate behaviour, or may not be aware themselves that the behaviour is abusive.

Staff will ensure that both the perpetrator(s), or alleged perpetrator(s), and the victim(s) understand that such behaviour inflicted by or against them was unacceptable; staff will be made aware that failing to challenge a pupil on unacceptable behaviour can normalise that behaviour not just for the pupil in question, but for all pupils who see the behaviour going unchallenged.

Staff will remain cognisant that downplaying abusive behaviour can lead to a culture of unacceptable behaviour throughout the school and, as such, will treat all displays or reports of abusive behaviour with the utmost severity and sensitivity in order to reinforce to all pupils that such behaviour will not be tolerated, and to prevent further instances of this behaviour in the future.

Handling allegations of abuse against pupils

Staff will always, when handling an incident of alleged abuse, take the report of the victim seriously, reassure them, support them and work to keep them safe. Victims will never be made to feel like they are causing a problem by reporting **any** form of abuse, be made to feel ashamed, or have their experience minimised by staff at the school. Staff will be aware of the importance of not downplaying any reports of abuse; however, will ensure that they remain sympathetic, and observant of the duty of care, to both the alleged perpetrator(s) and victim(s).

If a friend of a victim makes a report or a member of staff overhears a conversation, staff will take action – they will never assume that someone else will deal with it, or wait for a disclosure. The basic

principles remain the same as when a victim reports an incident; however, staff will consider why the victim has not chosen to make a report themselves, and the discussion will be handled sensitively and with the help of children's social care where necessary. If staff are in any doubt, they will speak to the DSL. All staff will be aware that pupils may not feel ready or know how to tell someone that they are being abused, and/or they may not recognise their experiences as harmful. This will not prevent staff from having a professional curiosity and speaking to the DSL if they have any concerns.

Where an alleged incident took place away from the school or online but involved pupils from the school, the school's duty to safeguard pupils remains the same and the incident will be treated equally as seriously and investigated in the same way as an incident that took place in school.

All staff will be trained to handle disclosures. Effective safeguarding practice includes:

- Never promising confidentiality at the initial stage.
- Only sharing the report with those necessary for its progression.
- Explaining to the victim what the next steps will be and who the report will be passed to.
- Recognising that the person the pupil chose to disclose the information to is in a position of trust.
- Being clear about boundaries and how the report will be progressed.
- Not asking leading questions and only prompting the pupil with open questions.
- Waiting until the end of the disclosure to immediately write a thorough summary. If notes must be taken during the disclosure; staff will ensure they remain engaged and not appear distracted.
- Understanding that victims may not disclose the whole picture immediately and may be more comfortable providing information on a step-by-step basis.
- Ensuring that dialogue is kept open and encouraged.
- Only recording the facts as the pupil presents them – not the opinions of the note taker.
- Where the report includes an online element, being aware of searching, screening and confiscation advice.
- Wherever possible, managing disclosures with two staff members present (preferably with the DSL or a deputy).
- Informing the DSL or deputy as soon as possible after the disclosure if they could not be involved in the disclosure.

The DSL will be informed of any allegations of abuse against pupils with SEND. They will record the incident in writing and, working with the SENCO, decide what course of action is necessary, with the best interests of the pupil in mind at all times.

Confidentiality

The school will only engage staff and agencies required to support the victim and/or be involved in any investigation. If a victim asks the school not to tell anyone about the disclosure, the school will not make this promise. The school will adhere to the principle that, even without the victim's consent, the information may still be lawfully shared if it is in the public interest and protects children from harm.

The DSL will consider the following when making confidentiality decisions:

- Parents will be informed unless it will place the victim at greater risk

- If a pupil is at risk of harm, is in immediate danger or has been harmed, a referral will be made to children's social care
- Rape, assault by penetration and sexual assault are crimes – reports containing any such crimes will be passed to the police

The DSL will weigh the victim's wishes against their duty to protect the victim and others. If a referral is made against the victim's wishes, it will be done so extremely carefully and the reasons for referral will be explained to the victim. Appropriate specialist support will always be offered.

Anonymity

There are legal requirements for anonymity where a case is progressing through the criminal justice system. The school will do all it can to protect the anonymity of children involved in any report of sexual violence or sexual harassment. It will carefully consider, based on the nature of the report, which staff will be informed and what support will be in place for the children involved. When deciding on the steps to take, the school will consider the role of social media in potentially exposing victims' identities and facilitating the spread of rumours.

Risk assessment

The DSL or a deputy will make an immediate risk and needs assessment any time there is a report of sexual violence. For reports of sexual harassment, a risk assessment will be considered on a case-by-case basis. Risk assessments are not intended to replace the detailed assessments of experts, and for incidents of sexual violence it is likely that a professional risk assessment by a social worker or sexual violence specialist will be required.

Risk assessments will consider:

- The victim.
- The alleged perpetrator.
- Other pupils at the school, especially any actions that are appropriate to protect them.

Risk assessments will be recorded, either on paper or electronically, and kept under review in accordance with the school's Data Protection Policy.

Taking action following a disclosure

The DSL or a deputy will decide the school's initial response, taking into consideration:

- The victim's wishes.
- The nature of the incident.
- The ages and developmental stages of the pupils involved.
- Any power imbalance between the pupils.
- Whether the incident is a one-off or part of a pattern.
- Any ongoing risks.
- Any related issues and the wider context, such as whether there are wider environmental factors in a pupil's life that threaten their safety and/or welfare.
- The best interests of the pupil.
- That sexual violence and sexual harassment are always unacceptable and will not be tolerated.

Immediate consideration will be given as to how to support the victim, alleged perpetrator and any other pupils involved.

For reports of rape and assault by penetration, the alleged perpetrator will be removed from any classes shared with the victim whilst the school establishes the facts. The school will consider how to keep the victim and alleged perpetrator apart on school premises, and on transport where applicable. These actions will not be seen as a judgement of guilt on the alleged perpetrator.

For reports of sexual violence and sexual harassment, the proximity of the victim and alleged perpetrator and the suitability of shared classes, premises and transport will be considered immediately. In all cases, the initial report will be carefully evaluated and the wishes of the victim, nature of the allegations and requirement to protect all children will be taken into consideration.

Where a pupil is found to have been involved in harmful sexual behaviour, e.g. non-consensually sharing indecent imagery of another pupil, the school will help the pupil to move forward from the incident by supporting them in adopting more positive behaviour patterns and attitudes.

Managing the report

The decision of when to inform the alleged perpetrator of a report will be made on a case-by-case basis. If a report is being referred to children's social care or the police, the school will speak to the relevant agency to discuss informing the alleged perpetrator.

There are four likely outcomes when managing reports of sexual violence or sexual harassment:

- Managing internally
- Providing early help
- Referring to children's social care
- Reporting to the police

Whatever outcome is chosen, it will be underpinned by the principle that sexual violence and sexual harassment are never acceptable and will not be tolerated. All concerns, discussions, decisions and reasons behind decisions will be recorded either on paper or electronically.

The following situations are statutorily clear and do not allow for contrary decisions:

- The age of consent is 16.
- A child under the age of 13 can **never** consent to sexual activity.
- Sexual intercourse without consent is **always** rape.
- Rape, assault by penetration and sexual assault are defined in law.
- Creating and sharing sexual photos and videos of children under 18 **is illegal** – including children making and sending images and videos of themselves.

Managing internally

In some cases, e.g. one-off incidents, the school may decide to handle the incident internally through behaviour and bullying policies and by providing pastoral support.

Providing early help

The school may decide that statutory interventions are not required, but that pupils may benefit from early help – providing support as soon as a problem emerges. This approach can be particularly useful in addressing non-violent harmful sexual behaviour and may prevent the escalation of sexual violence.

All staff will be aware of their local early help process and understand their role in it.

Referral to children's social care

If a pupil has been harmed, is at risk of harm or is in immediate danger, the school will make a referral to children's social care. Parents will be informed unless there is a compelling reason not to do so, e.g. if the referral will place the victim at risk. This decision will be made in consultation with children's social care.

The school will not wait for the outcome of an investigation before protecting the victim and other children.

The DSL will work closely with children's social care to ensure that the school's actions do not jeopardise any investigation. Any related risk assessment will be used to inform all decisions. If children's social care decides that a statutory investigation is not appropriate, the school will consider referring the incident again if they believe the pupil to be in immediate danger or at risk of harm. If the school agrees with the decision made by children's social care, they will consider the use of other support mechanisms such as early help, pastoral support and specialist support.

Reporting to the police

Reports of rape, assault by penetration or sexual assault will be passed on to the police – even if the alleged perpetrator is under 10 years of age. Generally, this will be in parallel with referral to children's social care. The DSL and deputies will follow the local process for referral.

Parents will be informed unless there is a compelling reason not to do so. Where parents are not informed, it is essential for the school to support the pupil with any decision they take, in unison with children's social care and any appropriate specialist agencies.

The DSL and governing board will agree what information will be disclosed to staff and others, in particular the alleged perpetrator and their parents. They will also discuss the best way to protect the victim and their anonymity. The DSL will be aware of local arrangements and specialist units that investigate child abuse.

In some cases, it may become clear that the police will not take further action, for whatever reason. In these circumstances, the school will continue to engage with specialist support for the victim as required.

Bail conditions

Pupils against whom further action is taken by the police may be released under bail conditions or 'released under investigation' (RUI) in circumstances that do not warrant the application of bail. Where this occurs and the perpetrator returns to school, the school's primary focus will be conducting an assessment of the risk the perpetrator poses to the victim or other pupils and staff at the school, both physically and in terms of trauma or emotional stress, and implementing any mitigating measures necessary to reduce the harm caused.

The school will work with children's social care and the police to support the victim, alleged perpetrator and other pupils, especially witnesses, during criminal investigations. The school will seek advice from the police to ensure they meet their safeguarding responsibilities.

The school will liaise with police investigators to develop a balanced set of arrangements whereby both the alleged perpetrator and the victim can continue to receive a suitable education without compromising any ongoing investigations or the emotional state of the victim.

Managing delays in the criminal justice system

The school will not wait for the outcome, or even the start, of criminal proceedings before protecting the victim, alleged perpetrator and other children. The associated risk assessment will be used to inform any decisions made. The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

The end of the criminal process

Risk assessments will be updated if the alleged perpetrator receives a caution or is convicted. If the perpetrator remains in the same school as the victim, the school will set out clear expectations regarding the perpetrator, including their behaviour and any restrictions deemed reasonable and proportionate with regards to the perpetrator's timetable. The school will ensure that the victim and perpetrator remain protected from bullying and harassment (including online).

Where an alleged perpetrator is found not guilty or a case is classed as requiring 'no further action', the school will offer support to the victim and alleged perpetrator for as long as is necessary. Staff will be aware that the victim is likely to be traumatised and the fact that an allegation cannot be substantiated does not necessarily mean that it was unfounded. The school will discuss decisions with the victim and offer support. The alleged perpetrator will also be offered ongoing support if needed, as they have also been through a difficult and upsetting experience.

The headteacher will carefully consider, on a case-by-case basis, whether allowing the victim and the alleged perpetrator to share classes or attend the same activities is conducive to either party's effective education, and will implement alternative arrangements, in consultation with the DSL (and SENCO where the victim or alleged perpetrator has SEND), where necessary.

Ongoing support for the victim

Any decisions regarding safeguarding and supporting the victim will be made with the following considerations in mind:

- The terminology the school uses to describe the victim
- The age and developmental stage of the victim
- The needs and wishes of the victim
- Whether the victim wishes to continue in their normal routine
- The victim will not be made to feel ashamed about making a report
- What a proportionate response looks like

Victims may not disclose the whole picture immediately and they may be more comfortable talking about the incident on a step-by-step basis; therefore, a dialogue will be kept open and the victim can choose to appoint a designated trusted adult.

Staff will be aware that victims may struggle in a normal classroom environment. Whilst the school will understand that it is important not to isolate the victim, the victim may wish to be withdrawn from lessons and activities at times. The school will ensure that this will only happen when the victim wants it to, not because it makes it easier to manage the situation. The school will provide a physical space for victims to withdraw to.

The school will be aware that victims may require support for a long period of time and will be prepared to offer long-term support in liaison with relevant agencies. The school will ensure that everything possible will be done to prevent the victim from bullying and harassment as a result of any report they have made. If the victim is unable to remain in the school, alternative provision or a move to another school will be considered – this will only be considered at the request of the victim and following discussion with their parents. If the victim does move to another school, the DSL will inform the school of any ongoing support needs and transfer the child protection file.

Ongoing support for the alleged perpetrator

Any decisions made regarding the support required for an alleged perpetrator will be made with the following considerations in mind:

- The terminology the school uses to describe the alleged perpetrator
- The balance of safeguarding the victim and providing the alleged perpetrator with education and support
- The reasons why the alleged perpetrator may have abused the victim – and the support necessary
- Their age and developmental stage
- What a proportionate response looks like
- Whether the behaviour is a symptom of their own abuse or exposure to abusive practices and/or materials
- What the outcome of the investigation was

When making a decision, advice will be taken from children's social care, specialist sexual violence services and the police as appropriate. If the alleged perpetrator moves to another school, for any reason, the DSL will inform the destination school of any ongoing support needs and transfer the child protection file.

If the reported abuse is found to have taken place, the school will work with professionals, as required, to understand why the abuse took place and provide a high level of support to help the pupil understand and overcome the reasons for their behaviour and reduce the likelihood of them abusing again.

Disciplining the alleged perpetrator

Disciplinary action can be taken whilst investigations are ongoing and the fact that investigations are ongoing will not prevent the school reaching its own conclusion and imposing an appropriate penalty.

The school will make such decisions on a case-by-case basis, with the DSL taking a leading role. The school will take into consideration whether any action would prejudice an investigation and/or subsequent prosecution. The police and children's social care will be consulted where necessary. The school will also consider whether circumstances make it unreasonable or irrational for the school to make a decision about what happened while an investigation is considering the same facts.

Disciplinary action and support can take place at the same time. The school will be clear whether action taken is disciplinary, supportive or both.

Shared classes

Once the DSL has decided to progress a report, they will again consider whether the victim and alleged perpetrator will be separated in classes, on school premises and on school transport – balancing the school's duty to educate against its duty to safeguard. The best interests of pupils will always come first.

Where there is a criminal investigation into rape or assault by penetration, the alleged perpetrator will be removed from classes with the victim and potential contact on school premises and transport will be prevented.

Where a criminal investigation into rape or assault by penetration leads to a conviction or caution, in all but the most exceptional circumstances, this will constitute a serious breach of discipline and result in the view that allowing the perpetrator to remain in the school would harm the education or welfare of the victim and potentially other pupils.

Where a criminal investigation into sexual assault leads to a conviction or caution, the school will consider suitable sanctions and permanent exclusion. If the perpetrator remains at the school, the school will keep the victim and perpetrator in separate classes and manage potential contact on school premises and transport. The nature of the conviction or caution, alongside the wishes of the victim, will inform any discussions made.

Where a report of sexual assault does not lead to a police investigation, this does not mean that the offence did not happen or that the victim has lied. Both the victim and alleged perpetrator will be affected and appropriate support will be provided. Considerations regarding sharing classes and potential contact will be made on a case-by-case basis.

In all cases, the school will record its decisions and be able to justify them. The needs and wishes of the victim will always be at the heart of the process.

Working with parents

In most sexual violence cases, the school will work with the parents of both the victim and alleged perpetrator. For cases of sexual harassment, these decisions will be made on a case-by-case basis.

The school will meet the victim's parents with the victim present to discuss the arrangements being put in place to safeguard the victim, and to understand their wishes in terms of support arrangements and the progression of the report.

Schools will also meet with the parents of the alleged perpetrator to discuss arrangements that will impact their child, such as moving them out of classes with the victim. Reasons behind decisions will be explained and the support being made available will be discussed. The DSL or a deputy will attend such meetings, with agencies invited as necessary.

Clear policies regarding how the school will handle reports of sexual violence and how victims and alleged perpetrators will be supported will be made available to parents.

Safeguarding other pupils

Pupils who have witnessed sexual violence, especially rape and assault by penetration, will be provided with support. It is likely that pupils will "take sides" following a report, and the school will do

everything in its power to protect the victim, alleged perpetrator and witnesses from bullying and harassment.

The school will keep in mind that contact may be made between the victim and alleged perpetrator, and that harassment from friends of both parties could take place via social media, and will do everything in its power to prevent such activity.

As part of the school's risk assessment following a report, transport arrangements will be considered, as it is a potentially vulnerable place for both the victim and alleged perpetrator.
