

MOOR PARK HIGH SCHOOL: CURRICULUM

Key Stage 4 Long Term Planning

Year 10 SYLLABUS: Pearson/Edexcel GCSE Business Studies. Pupils will develop an understanding of how to set up a business.

Curriculum Area: Art, Performance and Technologies Faculty

Year 10	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Syllabus	Topic 1.1 Enterprise and entrepreneurship Topic 1.2 Spotting a business opportunity	Topic 1.3 Putting a business idea into practice	Topic 1.4 Making the business effective	Topic 1.5 Understanding external influences on business	Topic 2.1 Growing the business	Topic 2.1 Growing the business
Knowledge	Pupils will learn about famous entrepreneurs and the skills required to make a business successful. They will develop enough knowledge for them to set up a small business and understand how to overcome the risks of starting a business.	Pupils will understand how to manage business finance. They will also explore the different sources of finance that are available for small businesses and their impacts.	Pupils will be able to explain the different types of business ownerships and their legal responsibilities. Pupils will also be able to explain the ideal location for a business and the importance of the marketing mix and a business plan.	Pupils will be able to explain the impact of external influences on businesses such as the exchange rate, unemployment, inflation, interest rates and government taxation.	Pupils will develop knowledge on the impact of growing a business globally in terms of methods and the logistics.	Pupils will learn about the ethical and environmental factors businesses need to consider when operating globally. Pupils will also be to explain how the marketing mix of a business needs to be adapted to reflect ethical behaviour.
Skills	Pupils will develop skills in supporting business startups. Pupils will also be able to carry out effective market research using different methods.	Pupils will be able to calculate a business's revenue, profit and costs. They will also be able to calculate the breakeven point and the margin of safety. In addition, pupils will be able to interpret a cash flow forecast and suggest if a business idea is viable.	Pupils will be able to act as a business advisor through evaluating the elements of a detailed business plan to assess the feasibility of the business. Students will also be able to create an integrated marketing mix for a business.	Pupils will be able to identify what factors can influence a business that is beyond their control. These include changes in technology, legislation and the economy. Pupils will also be given support in answering extended exam questions.	Pupils will be able to identify how a business can grow organically and inorganically. Pupils will also be able to identify the restrictions countries put in place to protect domestic businesses. These restrictions include tariffs and trade blocs.	Pupils will be able to identify the short- and long-term impacts to a business of behaving ethically. Students will also be able to effectively analyse how pressure groups influence businesses to behave ethically.
Connections to previous learning	KS3 pupils that have taken part in business workshops and activities should understand some of the key topics from syllabus.	Connection to topics studied in Autumn 1.
