

ABOUT THE ARTS, PERFORMANCE AND TECHNOLOGIES FACULTY

The Arts, Performance and Technologies (APT) are an ambitious faculty comprising of all the 'Open Bucket' subjects, including Art, PE, Drama, Music, Design Technology and 3D Design. We have six full time teachers and two part-time teachers. Faculty resources are excellent, and we benefit from well-maintained kitchens in both KS3 and KS4. Our GCSE Preparation and Nutrition course follows the EDUQAS specification.

We are proud of our achievements to date, particularly the exceptional results achieved which have enhanced the reputation and popularity of the school. Food is a popular choice within the design technology department. The curriculum plans are robust, and pupils develop a broad range of practical skills and knowledge.

At KS3 students are taught in mixed ability groups within a carousel of technology subjects including food technology, design technology and Art. Students generally have one lesson of Food Tech a week as part of the technology carousel. We offer a whole range of ambitious and interesting extracurricular opportunities for pupils to continue to develop their knowledge and skills.

The appointment of an enthusiastic and ambitious Food Technology teacher is key to continuing the faculty's success and supporting the design and delivery of our ambitious curriculum and extra-curricular programme.

Our teachers are passionate, collaborative, committed and reflective and the faculty is driven by the belief that all pupils can and will achieve. We look forward to appointing a high-calibre and enthusiastic teacher who is driven by the desire to ensure that all young people have access to the highest quality of education, regardless of background. We look forward to receiving your application.
